

Dear Families,

Creating a connection between home and school is an important experience for young children. Soon your child will be coming home with exciting news about classroom friends and activities.

Starting on Monday, September 10, our class will begin our Person of the Day project as a way to get to know each person in our class better. As "Person of the Day," your child will have the opportunity to share about themselves with the class. Your child may bring in **2-3 small items**. They should fit in your child's backpack. (Items may include a souvenir from a trip, a special toy or book, etc.) Your child will also share their family album page. Please follow the directions below to help your child complete this part of the project:

- I have enclosed a piece of oaktag for you and your child to use to create a page for our class's family album. It can include photos or drawings of the people in your family. Our class family album stays in our classroom library all year. Students will be able to look at their page if they are missing home, or use the page to share about their family with their friends. Please put the page back in the sheet protector after you have finished and return it to school.

The family album page should come in with your child on or before his or her special day. Please look below for the date when your child is Person of the Day!
